PROFESSIONAL SUMMARY

Cybersecurity practitioner and Informatics Engineering student focused on security operations, incident response, and web application penetration testing. Identified exposed administrator credentials in a client-side JavaScript file, enabling administration-panel compromise, with a Critical CVSS 3.1 score of 9.8. Developed a VirusTotal-integrated phishing analysis workflow and validated Wazuh detection across four simulated attack scenarios mapped to MITRE ATT&CK.

CORE SKILLS

Offensive Security: Penetration Testing, Vulnerability Assessment, Reconnaissance and OSINT, Web Application Exploitation, Red Teaming
Defensive Security: Security Operations, Log Monitoring and Analysis, Network Security, Incident Response, Threat Detection
Investigation: Email Header Analysis, Phishing Analysis, Malware Analysis, Indicator of Compromise Identification, MITRE ATT&CK Mapping
Development: Full-Stack Web Development, REST API Security, Role-Based Access Control, Database-Backed Applications, Technical Reporting

TOOLS AND SOFTWARE

Python | Burp Suite | Wazuh | Ghidra | SQLMap | Nmap | Wireshark | Metasploit | Parrot OS | VS Code | Docker | Git | Linux | Sysmon | VirusTotal API | ReportLab | Next.js | React | TypeScript | Prisma ORM | PostgreSQL | NextAuth

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer | SKY HAUS | *Aug 2026*
- Delivered a cloud-based POS for a retail cafe with Admin and Cashier access controls, real-time cart and stock synchronization, Bluetooth thermal receipt printing, EDC and QRIS tracking, CSV/PDF reporting, transaction voiding, and automated stock restoration.
- Secured API endpoints and deployed the application using Next.js, React, TypeScript, Prisma ORM, PostgreSQL, and NextAuth.

Freelance Penetration Tester | RuangWarta | *Jul 2026*
- Executed an OWASP-aligned black-box assessment that found hardcoded administrator credentials in publicly accessible JavaScript, enabling administration-panel compromise. Rated Critical, CVSS 3.1: 9.8; delivered a proof-of-concept report with evidence and remediation guidance.

Freelance Penetration Tester | Cafe'in | *Jul 2026*
- Performed black-box web application testing and manual source review, identifying critical authentication vulnerabilities and documenting reproducible evidence.

SOC Analyst | Zivratech | *May 2026 - Jun 2026*
- Built a Wazuh SIEM homelab across Ubuntu 22.04, Windows 10 with Sysmon, and Parrot OS; validated detection for four simulated attack scenarios and delivered incident report INC-2026-001 with IoC tables, event timelines, and MITRE ATT&CK mappings.

Incident Responder | Zivratech | *May 2026 - Jun 2026*
- Analyzed a phishing scenario through email header review and indicator-of-compromise identification, then documented the investigation and evidence trail.
- Developed email_analyzer.py with VirusTotal API integration for automated risk scoring and generated incident report INC-2026-002 using ReportLab and MITRE ATT&CK mapping.

Freelance Penetration Tester | BudiShop | *Jan 2026*
- Provided black-box web application testing, vulnerability analysis, and OWASP-aligned reporting for client applications.

Head of Development Division | Scout Movement | *Jul 2023 - Jul 2025*
- Led technical training and knowledge-transfer programs for organization members.

EDUCATION

Bachelor of Informatics Engineering | Institut Teknologi Sumatera | *Aug 2025 - Present*
- GPA: 3.04 / 4.00 | South Lampung, Lampung

High School Graduate | SMA Negeri 1 Gunung Agung | *Jul 2022 - May 2025*
- Academic score: 85.45 / 100 | West Tulang Bawang, Lampung

CERTIFICATIONS AND MILESTONES

- **Google Cybersecurity Certificate |** Issued June 2026 | Credential
- **Certified Junior Web Application Penetration Tester |** Issued March 2026 | Credential ID: ECR-02554

- **ISC2 Cyber Security Certificate |** Issued February 2026 | Expires February 2029 | Credential ID: f8676ac5-e011-464f-b08a-69b3de7ac134
- **Mastercard Cybersecurity Job Simulation |** Issued April 2026 | Credential
- **GRC Fundamentals |** Issued July 2026 | Credential
- **Gemini Certified Educator |** Issued July 2026 | Credential
- **Cumlaude WEB3 Award |** Issued May 2026
- **GUNA Cybersecurity |** Issued August 2026
- **Certified Cyber Sentinel Secure Batch 3 |** Issued August 2026 | Credential
- **Vulnerability Report and Responsible Disclosure Appreciation |** Issued May 2026 | Credential ID: 01.06/2026
